Subject Exclusion from City of El Monte

No.

In reply to your question in the conference this morning about the small area just excluded from the City of El Monte under the provisions of an amendment to the statutes in 1951, we report that this area excluded was not a part of the area involved in a series of seven uninhabited territory annexations which you apparently had in mind this morning. This exclusion is the latest one in this portion of the city and its exclusion does not create any islands lying beyond it. We see no complications arising from this exclusion. We have no opinion or comment from the County Counsel as to the effect of any such exclusion as might completely sever from the city any area or areas lying beyond such exclusion and dependent upon that exclusion for contiguity with the city. Should such opinion.
